Teen health screen

We ask all our teen patients about alcohol and mood because these factors can affect your health. Please ask your doctor if you have any questions. Your answers on this form will remain confidential.

Patient name:

Date of birth:

S2BI:

In the PAST YEAR , how many times have you used:	Never	Once or twice	Monthly	Weekly
Tobacco:				
Alcohol:				
Marijuana:				

If you answered "Never" to all questions above, you can skip to **CRAFFT question #1** and then turn the page. Otherwise, please continue answering all questions below.

Prescription drugs that were not prescribed for you: (such as pain medication or Adderall)		
Illegal drugs: (such as cocaine or ecstasy)		
Inhalants: (such as nitrous oxide)		
Herbs or synthetic drugs: (such as salvia, "K2", or bath salts)		

If you answered "Never" or "Once or twice" to all questions above, you can answer only **CRAFFT question #1** below and then turn the page. Otherwise, please continue answering all questions below.

1. Have you ever ridden in a car driven by someone (including yourself) who was Image: Im	
2. Do you ever use alcohol or drugs to relax, feel better about yourself, or fit in?	
3. Do you ever use alcohol or drugs while you are by yourself, or alone?	
4. Do you ever forget things you did while using alcohol or drugs?	
5. Do your family or friends ever tell you that you should cut down on your drinking or drug use?	
6. Have you ever gotten into trouble while you were using alcohol or drugs?	

Please turn page

PHQ-9 Modified for Teens:

How often have you been bothered by each of the following symptoms during the past TWO WEEKS?	Not at all	Several days	More than half the days	Nearly every day
1. Little interest or pleasure in doing things?				
2. Feeling down, depressed, irritable, or hopeless?				

If you answered "Not at all" to both questions above, you are finished answering questions. Otherwise, please continue answering all the questions below.

3. Trouble falling asleep, staying asleep, or sleeping too much?				
4. Feeling tired, or having little energy?				
5. Poor appetite, weight loss, or overeating?				
6. Feeling bad about yourself – or feeling that you are a failure, or that you have let yourself or your family down?				
7. Trouble concentrating on things like school work, reading, or watching TV?				
8. Moving or speaking so slowly that other people could have noticed? Or the opposite – being so fidgety or restless that you were moving around a lot more than usual?				
9. Thoughts that you would be better off dead, or of hurting yourself in some way?				
	0	1	2	3

In the PAST YEAR , have you felt depressed or sad most days, even if you felt okay sometimes?	Tes Yes	D No
If you are experiencing any of the problems on this form, how difficult have these problems made it for you to do your work, take care of things at home or get along with other people?		
□ Not difficult at all □ Somewhat difficult □ Very difficult	Extreme	ely difficult
Has there been a time in the past month when you have had serious thoughts about ending your life?	Tes Yes	D No
Have you EVER , in your WHOLE LIFE , tried to kill yourself or made a suicide attempt?	☐ Yes	🗌 No

Modified with permission by the GLAD-PC team from the PHQ-9 (Spitzer, Williams, & Kroenke, 1999), Revised PHQ-A (Johnson, 2002), and the CDS (DISC Development Group, 2000)

Interpreting the S2BI*

Highest frequency of non-tobacco substance use	Risk category	Recommended action
Never	Abstinence	Positive reinforcement
Once or twice	No substance use disorder (SUD)	Brief advice
Monthly	Possible mild or moderate SUD	Brief intervention, employing principles of motivational interviewing
Weekly	Possible moderate or severe SUD	Referral for further assessment and possible specialized treatment, conveyed through a brief intervention

Interpreting the CRAFFT questions

Any "Yes" responses should be explored with the patient to reveal the extent of substance use-related problems and inform the brief intervention.

Interpreting the PHQ-9 Modified for Teens

Answers to questions #1-9 each receive 0-3 points (point values found at the bottom of each answer column). Points are added for a total score.

Score** Depression severity		Proposed action
0 - 4	None - minimal	None.
5 - 9	Mild	Watchful waiting, repeat depression screening at follow-up.
10 - 14	Moderate	Create treatment plan, consider counseling and/or pharmacotherapy or another follow-up visit.
15 - 19 Moderately severe		Active treatment with pharmacotherapy and/or psychotherapy.
20 - 27 Severe		Immediate initiation of pharmacotherapy and if severe impairment or poor response to therapy, expedited referral to mental health specialist.
"Yes" answer on any suicide question		Immediate follow up
